

ASML HOLDING N.V.
POLICY FOR BILATERAL CONTACTS WITH SHAREHOLDERS
(effective as of 1 December 2023)

In accordance with best practice provision 4.2.2 of the Dutch Corporate Governance Code, ASML Holding N.V. ("**ASML**") has formulated the following policy regarding bilateral communications with shareholders (the "**Bilateral Contacts Policy**").

ASML's policy is to simultaneously provide shareholders with equal information when this information concerns matters that may influence ASML's share price. For contacts between stakeholders and the Company, ASML refers to its stakeholder engagement policy.

Briefings on ASML's annual and quarterly results are given via conference calls, and are broadcast by webcast accessible via ASML's website. Any presentations on these results are also published on ASML's website. The annual financial calendar for communicating the financial results is published on ASML's website.

From time to time and where appropriate, ASML, represented for example by members of the Board of Management and ASML's Investor Relation officers, engages in bilateral discussions with shareholders, most often at the request of such shareholder. ASML is committed to maintain an open and constructive dialogue with existing and potential shareholders, but will determine at its sole discretion whether it will accept such a request. ASML will facilitate such dialogue unless, in the opinion of the Board of Management, this is not in the interests of ASML and its affiliated enterprise.

For the shareholder, the purpose of bilateral meetings is often to gain a deeper understanding of public information and acquire a better understanding of the industry and ASML specifically. Bilateral meetings may take place at any time during the year, except during closed periods as referred to in ASML's insider trading rules. If a shareholder enters into a dialogue with ASML outside the context of a general meeting, the shareholder shall disclose its full share position (long and short and through derivatives) at the request of ASML.

Bilateral communication between members of the Board of Management or ASML's Investor Relation officers and representatives of the press and analysts shall be carefully prepared. When engaging in bilateral communication, ASML representatives shall not disclose any inside information or company-confidential information. Before any such meetings, ASML shall have taken such measures that, should inside information or company-confidential inside information be disclosed, ASML will be able to deal with this situation in an appropriate and responsible manner and in accordance with applicable laws and regulations.

ASML's contacts with shareholders will at all times be conducted in compliance with applicable rules and regulations.

The Board of Management is authorized to amend or revoke this Bilateral Contacts Policy at its sole discretion. The Board of Management may occasionally deviate from this Bilateral Contacts Policy.

This Bilateral Contacts Policy was adopted by the Board of Management on 10 November 2023 and came into effect on 1 December 2023.

For any request for contact with ASML by shareholders or any questions about this Bilateral Contacts Policy, please contact ASML Investor Relations at investor.relations@asml.com.
