Notes to the Summary US GAAP Consolidated Financial Statements

Basis of preparation

The accompanying Summary Consolidated Financial Statements are stated in millions of euros unless indicated otherwise. The accompanying Summary Consolidated Financial Statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("US GAAP").

For further details on our Summary of Significant Accounting Policies refer to the Notes to the Consolidated Financial Statements as recorded in our 2018 Integrated Report based on US GAAP which is available on www.asml.com. Further disclosures, as required under US GAAP in annual reports, are not included in the Summary Consolidated Financial Statements.

- 1 These financial statements are unaudited.
- 2 Numbers have been rounded for readers' convenience.
- 3 The calculation of diluted net income per ordinary share assumes the exercise of options issued under ASML stock option plans and the issuance of shares under ASML share plans for periods in which exercises or issuances would have a dilutive effect. The calculation of diluted net income per ordinary share does not assume exercise of such options when such exercises would be anti-dilutive.
- 4 Lithography systems do not include metrology and inspection systems.
- Our systems net bookings include all system sales orders for which written authorizations have been accepted (for EUV excluding the High-NA systems).
- Our Q3 2018 systems net bookings include 1 EUV system shipped in Q4 2018 and our Q3 2019 systems net bookings include 1 DUV system shipped in Q3 2019, both shipped to collaborative Research Center (Imec). These systems are not recognized in revenue.
